

Manager Report –February 2017

CP Development

Forest development has stopped for the winter. The plan is to have Timberland complete the development in Bjerkness and 7-Mile Creeks and for the UBC Summer Students & Jeff Reyden identify some timber opportunities in their work, and to initiate some CP development.

CP 36

The harvesting operations on CP 36 are completed. Approximately 41,000-m³ was harvested from this permit. Outstanding cleanup obligations will be completed in 2017.

2017 UBC Summer Student Program

There has not been any communication with the UBC Students. I am waiting for them to answer my emails inquiring their startup dates. The supervision budget for the program is \$30,000.00, as per the email with the forestry budget for your review.

Silviculture

Sabrina has submitted her silviculture budget for your review.
