KASLO AND DISTRICT COMMUNITY FOREST SOCIETY

CP 57-3 Logging Plan
License: K3C
CP: 57
Mark: K3C 057
Weather Station: Slocan

Safety and Special Prescriptions
Slopes > 35% exist within the block. As per Section 26.16 of the OH&S regulations, safe operating procedures outlining site specific work practices must be in place.

Riparian Management S6-1 has a 20m RMA established. Within the RMA, retain 50% of the live trees. Wet draws have sensitive soils. Maintain a 5m Machine Free Zone either side of the draws.

HU1 - Skidder Clearcut

Retain live old growth trees. Retain non-merch and defective trees. Clumps of trees may be left for biodiversity. Retain 10-20 sph of live Lw/Fd
