KASLO AND DISTRICT COMMUNITY FOREST SOCIETY

CP 57-5 Logging Plan
License: K3C
CP: 57
Mark: K3C 057
Weather Station: Slocan

HU1 - Skidder Clearcut
Retain live old growth.
Retain non-merch and defective trees. Patches of smaller trees may be left for biodiversity.
Retain 10-50 sph of LwFd.

Do not cut old growth trees in road ROW during road construction

Riparian Management

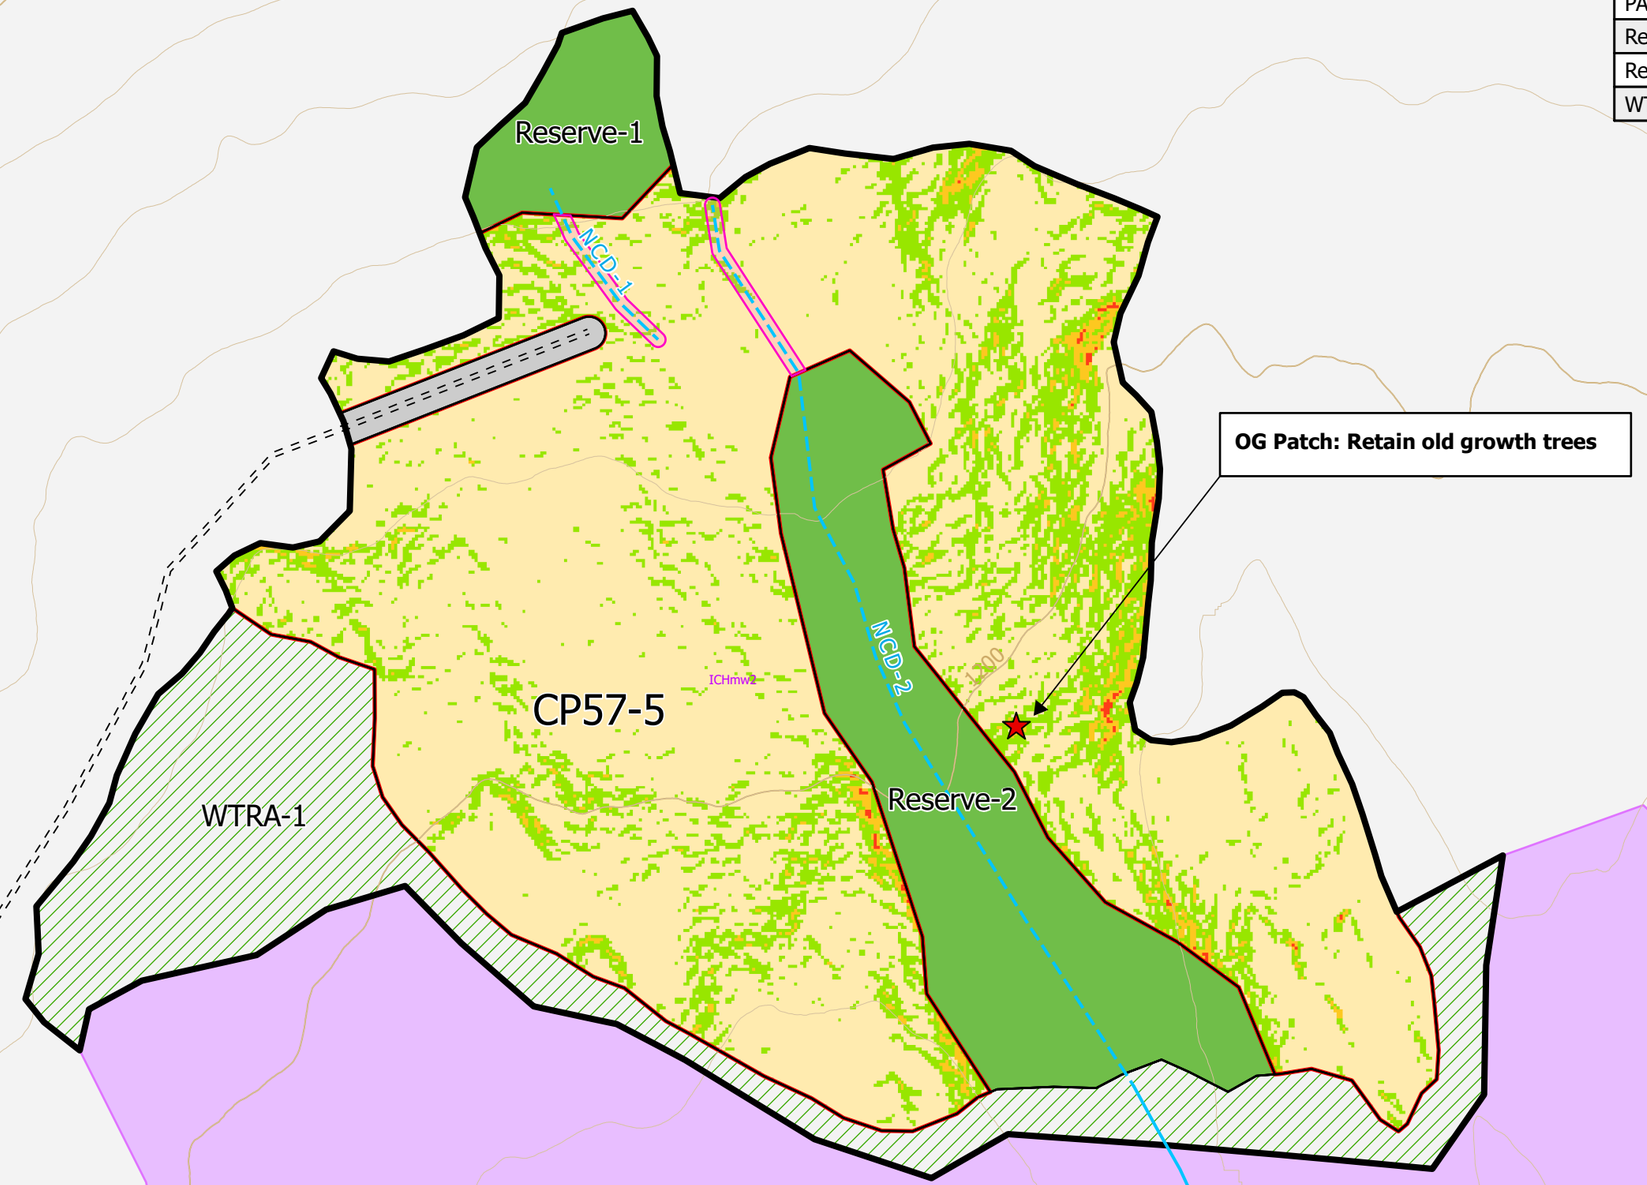

NCD 1 - is mostly subsurface flow.

NCD 2 - is a dry draw outside of the Reserve

For both NCDs maintain a 5m Machine Free Zone and use one designated crossing.
Retain non-merch and brush near NCDs.

Safety and Special Prescriptions
Slopes > 35% exist within the block. As per Section 26.16 of the OH&S regulations, safe operating procedures outlining site specific work practices must be in place.
